Find my mistakes!!

Below is a worksheet that I completed. I did it in such a hurry, that I made some simple errors. It's your turn to be the teacher...check my work to see what I did wrong. There is something wrong on each problem!!!

Adding, Subtracting, and Multiplying with decimals

1) 15.25 + 3 = ⟨45.75⟩

```
 15.25
     3
─────────
 45.75
```

2) 9.5 × 2.4 = ⟨228⟩

```
   9.5
 × 2.4
─────────
  38 0
 19 0 X
─────────
 22 8.0
```

3) 37 − 2.1 = ⟨1.6⟩

```
  37
 -2.1
─────────
  1.6
```

4) 14 − 1.45 = ⟨13.45⟩

```
  14.00
 - 1.45
─────────
  13.45
```

5) 129 × 0.8 = ⟨1032⟩

```
  129.0
 ×   0.8
─────────
 1032.0
```

6) 15.654 + 1.2 = ⟨14.454⟩

```
 15.654
  1.200
─────────
 14.454
```

7) Terese was making necklaces for her friends. Each necklace used 0.58 meters of ribbon. How much ribbon would it take to make 6 necklaces?
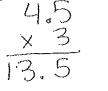

```
  0.58
 ×   6
─────────
 .348
```

⟨0.348 meters⟩

Use the table below to answer #8 and 9

Rainfall for three months in 2012

Month	June	July	August
Rainfall (in inches)	4.5	3.85	6

8) What is the total amount of rainfall for this three-month time period?

```
  4.50
  3.85
+ 6.00
─────────
 13.35
```

⟨13.35 inches⟩

9) In July of 2011, it rained 3 times as much as in July of 2012. How much did it rain in July of 2011?

```
  4.5
 × 3
─────────
 13.5
```

⟨13.5 inches⟩

What did I do wrong?	What did I do wrong?	What did I do wrong?
Fix It!!	**Fix It!!**	**Fix It!!**
What did I do wrong?	What did I do wrong?	What did I do wrong?
